## SYSTEMS

## INTEGRA

The **INTEGRA System**<sup>®</sup> is a technology design for chemical staging and delivery with a system by system approach for handling virtually all laundry and food service cleaning challenges. These systems are fashioned Around a simple, but Very effective concept. Wall mounted activators containing concentrated liquid chemistry.

**SAFE, SIMPLE, SURE...** Chemical Delivery Systems and Products.

**INTEGRA**<sup>®</sup> capsules are inverted, which allows you to completely empty the contents of the capsule using 100% of the product you paid for.

**INTEGRA**<sup>®</sup> products are factory sealed with our exclusive Sure Seal insert which promotes employee safety.

**INTEGRA**<sup>®</sup> capsules are compact and easy to store taking only half the space of conventional packaging.

The **INTEGRA**<sup>®</sup> System<sup>®</sup> is modular. Capsules can be placed where its easy for employees to see and change them – no more buckets behind the machine or hidden under the table.

With the exclusive Safety Shield **INTEGRA**<sup>®</sup> systems have built in spill containment safety.

The Continuous Feed Reservoir holds 8 ozs. When the capsule is empty, you still have 8 ozs. of product to keep you operating.

Wall mounted **INTEGRA**<sup>®</sup> systems eliminate chemical messes on floors and around equipment. This also avoids possible health department issues.
